September 1, 2010

Dear Ear Candy Charity,

Thank you so much for donating pianos to Lauren' s Institute for Education on September 2, 2010 and September 15, 2010. These donations came at a critical time in our efforts to fund the music therapy and music education components of our center. It is increasingly difficult to acquire funding for the arts, and we are grateful for these donations.

The following is a list of instruments and the number of students that they will impact.

- 2 Yamaha Digital Pianos (Clavinova): These pianos will be utilized in both our Academy and in music therapy groups. We are excited about they' re versatility and being able to transport the instruments to different buildings and that we will never need to tune our new digital instruments. One of the first duties of these new pianos will be to provide quality music accompaniment for our rehearsals of " Disney' s Alice in Wonderland Jr." This production will directly impact 9 children. They will also serve as accompaniment individual sessions, academy music classes, and upcoming student performances.
- 1 Baldwin Upright Piano: This piano will be placed in a treatment room of one of our therapists to be used in individual and group sessions. It will directly impact at least 35 children per week.

Overall, these pianos will allow at least 150 students and clients to experience music therapy and music education in ways that were not possible before Ear Candy Productions graciously stepped in to help.

We appreciate your dedication to music education and the help you gave our center.

Sincerely,

A handwritten signature in black ink that reads "Melissa Kelley MT-BC". The signature is written in a cursive style.
